

Linear Optics Inc.

Pre-Owned Services!

ANNOUNCEMENT

Linear Optics Inc. and Certified Comparator Products team together to bring you a full line of resources for Optical Comparators. Whether you are buying NEW, upgrading or want to revamp your old system. Our expertise can provide a one-stop shop to assist in the transition.

NETWORK

Our network consists of rebuilds, trade-ins, units for sale, or new. Simply request a Comparator Assessment form and we do the rest. Looking for something particular, Let us know .

Restore to New

Rebuilt Comparators Include:

New Scales
New Metronics QC200
New Glass Chart
New or Rebuilt Drives
New Illumination Package(s)
A2LA Accredited Calibration

Linear Optics Inc. and Certified comparator Products offer the following Pre-Owned Services for all of these Three levels:

- ✓Comparator Trade-In Program (good toward New or Pre-Owned)
- ✓Detailed Comparator Quotations on Pre-Owned comparators against a specific CCP stock #
- ✓Customer System Listing Service – Let us sell your Pre-Owned optical comparator for you
- ✓Customer “Swap Service” – we will find a Pre-Owned comparator matching your current unit, update it, and swap it out!
- ✓Search & Locate Service for customers desiring a specific type of optical comparator
- ✓Customer Owned optical comparator Upgrade/Rebuild Program
- ✓Premier A2LA Calibration Services

Level I – Certified Pre-Owned

✓**The Certified Pre-Owned class of optical comparator offered by Linear Optics Inc. through CCP is a previously owned optical comparator that we as an Accredited A2LA optical comparator service provider through our experience, service history, calibration (to original factory specifications), and inspection of the unit have determined to be in exceptional condition and merits resale “as is”.**

✓**Upon request, Linear Optics Inc. and CCP will quote installation and certification of the machine to original factory specifications at the customer’s facility.**

✓**Full 30-day warranty for parts and labour (continental US & Canada only)**

✓**This is an exceptional value backed with A2LA confidence. Being that the machine is “pre-owned” it may have cosmetic blemishes that will not affect the operation of the machine.**
